" Realize the wonderful benefits of Oriental Medicine "

Easy Testimonial

I frequently see people who are unfamiliar with the benefits of acupuncture and have tried everything else without success. These patients are often hopeless and believe that nothing can help them. Reading testimonials from patients like you who have had good results with our clinic can give these patients the confidence they need to get started on their path to healing. Please fill out the following as truthfully as possible. If you have more than one major complaint, please fill out any different aspects on a second (or third) sheet.

My name is Mary. I came to Acupuncture & Chinese Medical Center in November (month), 2007 (year) Because I was suffering from (description of health problem) severe hives stemming from a chronic yeast infection.

I had this problem for periodically years month weeks. This problem (describe how it felt when it was at its worst: pain locations, intensity or other symptoms) included extreme itching from the hives, and a severe rash that was red and the skin was broken in places. The yeast infection was painful and itchy.

It also cause fatigue difficulty sleeping depression irritability
 Hopelessness (list any other associated symptoms) It intersermed with

to resolve this problem with result like (describe your experience with these treatments)

no improvement or, at best, temporary
relief

I began to feel some or significant improvements in my condition after (#) 2
treatments at Acupuncture & Chinese Medical Center.

At this point in time my condition feels 100 % better. I now ~~feel~~ am without
a yeast infection and my skin looks & feels better than ever.
and I am able to enjoy all the activities I used to
without discomfort. I'm happier and more
soused, much less anxious and fatigued

I have also had significant improvement in other symptoms like anxiety,
restful sleep, all-round sense of calmness & balance

The clinic is clean & comforting and the staff is caring & professional

I would recommend acupuncture to anyone in need of healing of
mind or body because it doesn't treat the symptoms -
it treats the problem and puts balance back into
mind and body.
